UNCRAPIFY YOUR LIFE!

The Most Hilarious Content-Based Keynote You've Ever Heard!

Designed for a broad spectrum of audiences, from entry-level workers to upper management, the award-winning *Uncrapify Your Life!* keynote is a study in exactly what not to do. Promising to give his audiences permission rather than advice, Jeff will 'encourage' your team to criticize others and outsource blame before bringing it all home with a serious discussion about proper communication, customer service, and accountability practices.

US VS. THEM!

The Funniest, Most Informative Generational Presentation Ever!

If you've listened to any other discussion about generational issues at work, then you've undoubtedly been told there are four distinct generations operating side-by-side in today's working world. You've then been told the differences between those four generations, and then you've been told (although probably not in these exact words) that you need to just deal with all these different people, because they're not going away and they're not going to change how they operate. If that advice suits you, fantastic. However, if you've ever been frustrated by how impossible it seems to employ four different strategies to manage four distinct generations, and if you've ever felt like you're the only one who's being asked to make any changes, then *Us Vs. Them!* is exactly what you need.

UNLEASH YOUR INNER TYRANT!

The Most Original Leadership Presentation in the Country!

The first of its kind, *Unleash Your Inner Tyrant!* helps managers and executives become better leaders by showing them everything they should avoid. Veteran comedian-turned-corporate speaker Jeff Havens employs his trademark wit and reverse psychology to teach attendees the worst of all leadership practices – including how to create a culture of fear and mistrust, how to oppress and demoralize employees, and how to stand firm in the face of all change – before wrapping up with a serious conversation about the kind of leaders we should all strive to become.

UNCRAPIFY YOUR FUTURE!

The Most Innovative Innovation Keynote Ever!

If you've listened to anyone talk about innovation recently, you've probably heard something along these lines: "The world is changing at a crazy fast rate. Everything you're doing now is about to become obsolete. If you don't come up with some amazing, industry-changing ideas in the next 18 seconds, your business is basically going to disappear. Have a nice day." And if that's the kind of doomsayer message that you and your friends love hearing, then you can stop reading now. But if you'd like to present innovation as a simple process that literally everyone is capable of performing, then you might want to listen to *Uncrapify Your Future!* Filled with the trademark wit that has made Jeff Havens one of the most in-demand speakers in North America, *Uncrapify Your Future!* will make the process of coming up with new ideas easier and more rewarding than you ever thought possible.

"Saying the audience was engaged is an understatement."

"A hilarious program with a serious tone."
