

Biography

Jeff Havens is not your typical business growth expert. His uncanny ability to provide actionable answers to today's business challenges in an undeniably entertaining and impactful way has put him in front of thousands of eager audiences across North America and Asia.

Delivering well-researched and relevant business insight is something a lot of keynote speakers do, but combining that with the entertainment value of a comedy show is not. Engaging, charismatic, and full of energy, Jeff Havens is the only business growth expert who provides serious solutions in a seriously funny way.

In addition to delivering thousands of wildly entertaining keynote presentations, Jeff is also a successful entrepreneur, having built a multi-million dollar training company from the ground up using his transformative approach to business and engaging content delivery style. His training website, Levity University, offers over 400 microlearning courses and reaches over 500,000 learners every year.

Jeff has made appearances on Fox Business and CNBC, and he's published hundreds of articles in The Wall Street Journal, Entrepreneur magazine, Fast Company, and dozens of other publications.
