

Jeff Havens

SERIOUS SOLUTIONS. SERIOUSLY FUNNY.

Jeff Havens is not your typical business growth expert. His uncanny ability to provide actionable answers to today's business challenges in an undeniably entertaining and impactful way has put him in front of over 1,000 eager audiences across North America and Asia. Delivering well-researched and relevant business insight is something a lot of keynote speakers do, but combining that with the entertainment value of a comedy show is not. Engaging, charismatic, and full of energy, Jeff Havens is the *only* business growth expert who provides serious solutions in a seriously funny way.

But even more than that, Jeff makes things easy. All of us are constantly being asked to do more with less, so the last thing you need is someone to tell you how difficult your challenges are. Jeff has a unique ability to simplify seemingly complex problems in a way that will provide your audience with a fresh perspective, one that runs counter to the conventional wisdom of the business world. He'll show you that we're not actually creating a completely new type of person every 15 years, that being innovative is not something only a few special people know how to do, and that both exceptional leadership and exceptional customer experiences are built on surprisingly slender foundations. You will leave Jeff's keynotes refreshed, relaxed, happy, and more confident than ever that you are prepared for the road ahead.

"FUNNY. FUNNY. FUNNY."
